Welcome Note
by the University President

Prof. Reem Bahgat
EUI's President

"

Three months after our last newsletter in November 2024, EUI proudly reflects on the remarkable milestones achieved as we step into 2025. Egypt University of Informatics (EUI) continues to showcase its commitment to academic excellence, innovation, and community engagement. Our faculty and students are making impactful contributions to research and education, with groundbreaking studies published in prestigious journals across diverse fields. Additionally, our students have excelled in international academic programs, proving their readiness to compete globally. Notably, nine engineering students thrived in Purdue University's blended course, a Business Informatics student achieved an impressive CGPA of 3.9 in their first semester at the Telfer School of Management, and another Business Informatics student earned the esteemed ECBATM certification—further demonstrating the strength of our academic programs.

EUI takes immense pride in its students, who consistently set new standards of excellence. Their achievements underscore our commitment to nurturing well-rounded talent. Our IEEE Student Branch has also brought great pride to EUI by achieving global recognition through prestigious awards, emphasizing their dedication to engineering and technology.

Bridging academia and industry remains a priority at EUI. Through expert-led sessions and participation in global summits, our students gain valuable exposure to real-world challenges, equipping them with the skills needed to excel in the future's professional landscape.

EUI's excellence is further reinforced by prestigious recognitions awarded to our faculties and leadership, affirming our position as a hub of academic innovation. The launch of our first-ever Student Union empowers students to take an active role in shaping campus life and fostering leadership.

Our commitment to social responsibility remains steadfast, with initiatives that positively impact the community. Whether supporting charitable organizations or engaging in volunteer programs, EUI nurtures a culture of empathy and responsibility that extends beyond academics.

These achievements reflect the collective dedication of our students, faculty, and staff, who uphold EUI's mission of excellence and innovation. As we move forward, we remain committed to fostering talent, advancing research, and creating an environment that inspires success at every level.

"

Campus Life

H.E. Prime Minister Dr. Mostafa Madbouly Visits EUI Campus

H.E. Prime Minister Dr. Mostafa Madbouly, accompanied by H.E. Dr. Amr Talaat, Minister of Communications and Information Technology, toured Egypt University of Informatics (EUI) in Knowledge City.

During the tour, Prof. Ahmed Hamad, Vice President for Academic Affairs, highlighted EUI's mission to equip students with specialized skills and hands-on training. The Prime Minister visited cutting-edge labs, including the AI and Robotics Lab and Mac Lab, where students showcased innovative projects.
