Welcome Note

by EUI's Acting President

“

It gives me great pride to reflect on the remarkable milestones that continue to shape Egypt University of Informatics' journey toward excellence. Last September marked a defining moment in our history, as we celebrated the graduation of our first cohort in a memorable on-campus ceremony.

We were deeply honored by the presence of H.E. Counselor Adly Mansour, Former President of the Arab Republic of Egypt and Founding Chairman of EUI's Board of Trustees, along with H.E. Dr. Amr Talaat, Minister of Communications and Information Technology, who joined us in celebrating the success of our pioneering graduates from the Faculties of Computing and Information Sciences, Business Informatics, and Digital Arts and Design. Their presence, alongside our esteemed guests and proud parents, made this milestone truly memorable.

What fills me with even greater pride is seeing some of our graduates return to EUI this time as teaching assistants, ready to inspire and empower future generations. Their journey from students to teaching assistants embodies the very essence of EUI's vision: nurturing talent that continues to give back and lead forward.

As we open a new chapter with the Class of Fall 2025, I extend my heartfelt congratulations to all our graduates for their outstanding achievements and wish them every success in their professional paths ahead. To our new EUIans, I warmly welcome you to a vibrant community of innovation, learning, and discovery. May your journey here be filled with inspiration, growth, and purpose.

Together, we continue to build a university that not only educates, but also transforms lives and shapes the digital future of Egypt and beyond.

”

Prof. Ahmed Hamad
Acting President, Egypt University of Informatics

Academic Milestones

Historic First Graduation at EUI

EUI Graduates of the Faculties of Computing and Information Sciences, Business Informatics, and Digital Arts & Design marked a historic milestone as the university celebrated its first-ever graduation ceremony under the patronage of H.E. Counselor Adly Mansour, Founding Chairman of the Board of Trustees, H.E. Dr. Amr Talaat, Minister of Communications and Information Technology, honoring the late Prof. Reem Bahgat, EUI's Founding President.
