Welcome Note

by EUI's Acting President

“

As I reflect on this edition of our newsletter, I am filled with pride in the remarkable achievements and collective spirit of Egypt University of Informatics. These pages highlight more than individual successes; they reflect a culture of innovation, resilience, and excellence that defines our university.

Across academics, research, creativity, sports, and community engagement, our students, faculty, and alumni continue to make meaningful impact locally and internationally. Their dedication, curiosity, and ambition embody our commitment to holistic development—nurturing knowledge, creativity, well-being, and real-world relevance.

Recent international recognition in the Times Higher Education Arab University Rankings 2026 affirms the quality of our journey, but more importantly, it underscores the collective efforts of our entire community. Every contribution, collaboration, and milestone strengthens EUI's role as a forward-looking institution shaping the future.

Thank you to our students, alumni, faculty, staff, and partners for your continued commitment and passion. Together, we will keep building on this momentum with confidence, collaboration, and vision.

”

Prof. Ahmed Hamad

Acting President, Egypt University of Informatics

Arab Universities Ranking 2026

EUI Ranks Among Top Arab Universities in THE 2026 Rankings

EUI has been ranked among the Top 176–200 universities in the prestigious Times Higher Education (THE) Arab University Rankings 2026. This year's ranking evaluated 372 universities across the region, assessing performance across five key pillars: quality of teaching and learning, research productivity and quality, research impact and global influence, international outlook, and industry partnerships.
